

# DEEPER ROOTS LONGER REACH

## THE MISSION TO MORE II

○ — SAVING LIVES TO SAVE SOULS

○ 2025 – 2026

# LETTER FROM MARK

25 years ago, I first landed on the Sepik River in Papua New Guinea (PNG), deeply committed to serving isolated communities through emergency medical flights and sharing the love of Jesus. Today, thanks to your partnership, Samaritan Aviation has grown in ways only God could orchestrate.

We've delivered thousands of life-saving flights, hundreds of thousands of pounds of medicine, and countless messages of Gospel hope to those living in some of the most remote areas on earth. But our calling doesn't stop there. As we look to the future, we believe God is asking us to go deeper and reach farther.

## Deeper Roots

Incredible opportunities are within reach for deepening the roots of Samaritan Aviation, as local Papua New Guinean leaders faithfully carry out this ministry. One crucial opportunity is purchasing a hangar we currently lease. As the hub of our entire operations, and the only hangar in Wewak, this purchase is critical for the sustainability of our ministry.

Additionally, building on the land we purchased from our last campaign, the Training Center deepens our roots as it will allow for discipleship training and the ability to host missions teams from around the world. This truly opens future opportunities we have been dreaming of for exponential impact in PNG.

## Longer Reach

With these roots, the sky is the limit. The first step in our longer reach is completing the dock (seaplane lift installation, roof, and 75% additional dock space) and building staff houses in our expansion to the Gulf Province! This allows us to launch life-saving services in a new region where the need is urgent.

Here's why this truly matters—Every flight we make is a lifeline not only for physical healing but for eternal hope found in Christ. We invite you to join us in establishing deeper roots so we can extend a longer reach of hope for the people of Papua New Guinea.

WITH GRATITUDE AND HOPE,

**Mark Palm**

*CEO/Co-Founder, Samaritan Aviation*

**1,000s**

of life-saving flights

**100,000s**

of pounds of medicine

Gospel messages shared

○  
Your generosity equips local leaders to continue this hope-filled mission. Every dollar fuels planes, equips leaders, and reaches the unreached with the Gospel.

Partner with us in this next phase of our mission to save more lives and make a forever impact for the Kingdom of God.

○

## MORE THAN MEDICAL

### EVERY FLIGHT DELIVERS ETERNAL IMPACT

Kesalyn was a young mother battling drug-resistant tuberculosis along with her 2-year-old daughter. We flew both of them to the hospital, where over the course of their extended treatment, our team visited Kesalyn 53 times. Each visit was an opportunity to remind her of God's unwavering love and share the life-changing message of the Gospel.

Kesalyn eagerly participated in 70 lessons of our Kingdom of Glory curriculum, a Creation-to-Christ model of sharing the Gospel in her language, and began studying on her own as well. The day after she finished the discipleship program she unexpectedly passed away. While her earthly life didn't end the way we hoped and prayed it would, we rejoice that this opportunity allowed her to hear and accept the Gospel for the first time!

# PHASE 1

YOU HELPED SET A SOLID  
FOUNDATION FOR THE WORK AHEAD

## EAST SEPIK PROVINCE PROJECTS

### ○ Land for future homes and operations

We secured and began development on 2.2 acres of land. We have completed initial landworks of sewage and foundation preparation.

### ○ 6 Staff family homes and a duplex

These 4BR and 3BR homes will provide the safety and security needed for our missionary families.

## GULF PROVINCE EXPANSION PROJECTS

### ○ Additional Seaplane because the needs keep growing

We were able to purchase what will be our fourth seaplane in PNG for the Gulf because the needs keep growing. In 2023, flights increased by 40%.

### ○ Phase 1 floating dock and dredging machine purchased

In order to prepare the area for our future dock in the gulf, we purchased a dredger for our long-term success and have installed Phase 1 of the floating dock.

### ○ We have now completed 5 different medical outreaches in 14 different villages in the Gulf Province.

## PHASE 1 UPDATE:

Due to inflation and the depreciation of the Papua New Guinean currency—the Kina—we're finishing the Training Center in Phase 2. This is at the forefront of our Phase 2 expansion!

# PHASE 2

THE NEXT SEASON OF SAMARITAN  
IS OWNERSHIP AND EXPANSION

**This is our next milestone—\$3,415,000 will get us there.**

**Deeper Roots in the East Sepik means raising \$2.145 million to move from lease to ownership.**

○ **\$840,000**

To add a training center and to finish developing the land at our base.

○ **\$420,000**

To purchase the only hangar in Wewak that we currently lease.

○ **\$255,000**

Additional vehicle, PNG staff, and resources for ministry outreach.

○ **\$630,000**

Avionics upgrade, engine overhaul, and paint for 2 current PNG seaplanes.

**Longer Reach in the Gulf means raising \$1.270 million to expand to other provinces.**

○ **\$540,000**

Purchasing and building 2 staff homes for our missionaries to have a safe and secure place to live.

○ **\$300,000**

Expanding the dock along with installing a lift and roof is critical to long-term operations in the Gulf.

○ **\$190,000**

Additional vehicle, PNG staff, and resources for ministry outreach.

○ **\$240,000**

Avionics upgrade, shipping/import of additional seaplane for the Gulf.

**WITH YOUR PARTNERSHIP, WE CAN REACH  
THE UNREACHED IN PAPUA NEW GUINEA.**

# DEEPER ROOTS

"Deeper Roots" strengthens our capacity to reach remote communities, train local leaders, and sustain life-changing ministry across Papua New Guinea for generations to come.

**To do this, we need to raise \$2,145,000.**

## HANGAR | \$420,000

Located in East Sepik, the only hangar in Wewak is the headquarters for all Papua New Guinean aviation. Securing the purchase of this Hangar (currently leased) will be crucial to the growth of our ministry.

This is also the hub for all major maintenance and repair done on the airplanes, offices for our staff to work from, and cold storage for much-needed medicine that we deliver to remote villages.

This hangar will be sold. If we don't purchase it, someone else will.

## TRAINING CENTER | \$840,000

A permanent Training Center will equip leaders in East Sepik while also allowing us to host leaders from all over Papua New Guinea to be disciplined and trained, multiplying ministry potential in additional regions. This will deepen the roots for both local and missionary families to be able to stay long-term and invest fully in the mission of Samaritan Aviation.

## UPGRADES FOR 3 SEAPLANES IN PNG | \$630,000

We need to keep our planes safe to fly. This includes flying the seaplanes to Australia for engine overhauls, corrosion repair, general window and interior refurbishments, and new paint, along with major avionics upgrades.

## MINISTRY RESOURCES | \$255,000

As we continue to build our Papua New Guinean team, we need to provide medical training and equipment for the ministry. We also need another vehicle for our East Sepik location that will provide necessary transportation for staff to the hangar and the hospital for ministry purposes. This increases our ability to minister to patients.

**CHRIS COOKE**  
PNG COUNTRY DIRECTOR

"After years of renting, it's thrilling to finally begin investing and improving our own property and hangar facility! These investments will allow us to expand and improve our ministry for years to come. Completing our Phase 2 goals makes reaching even more people across PNG and the Sepik with the Gospel of Jesus Christ possible."

# LONGER REACH

## GULF EXPANSION

God has opened the doors for ministry in the Gulf. With our Phase 2 goals in this southern province, we'll be ready to expand our reach across Papua New Guinea!

**To do this, we need to raise \$1,270,000.**

### STAFF HOMES | \$540,000

As we expand to the Gulf, we need homes for our families doing the critical work there. These are more than homes—they provide safety and security for our missionary families.

### SEAPLANE DOCK | \$300,000

We're expanding the dock by 75%! In addition, finalizing the lift and roof installation for this dock will provide a safe place for the planes to be parked, a place to do maintenance, and weather /overnight security. We can't operate long-term without it.

### MINISTRY OUTREACH | \$190,000

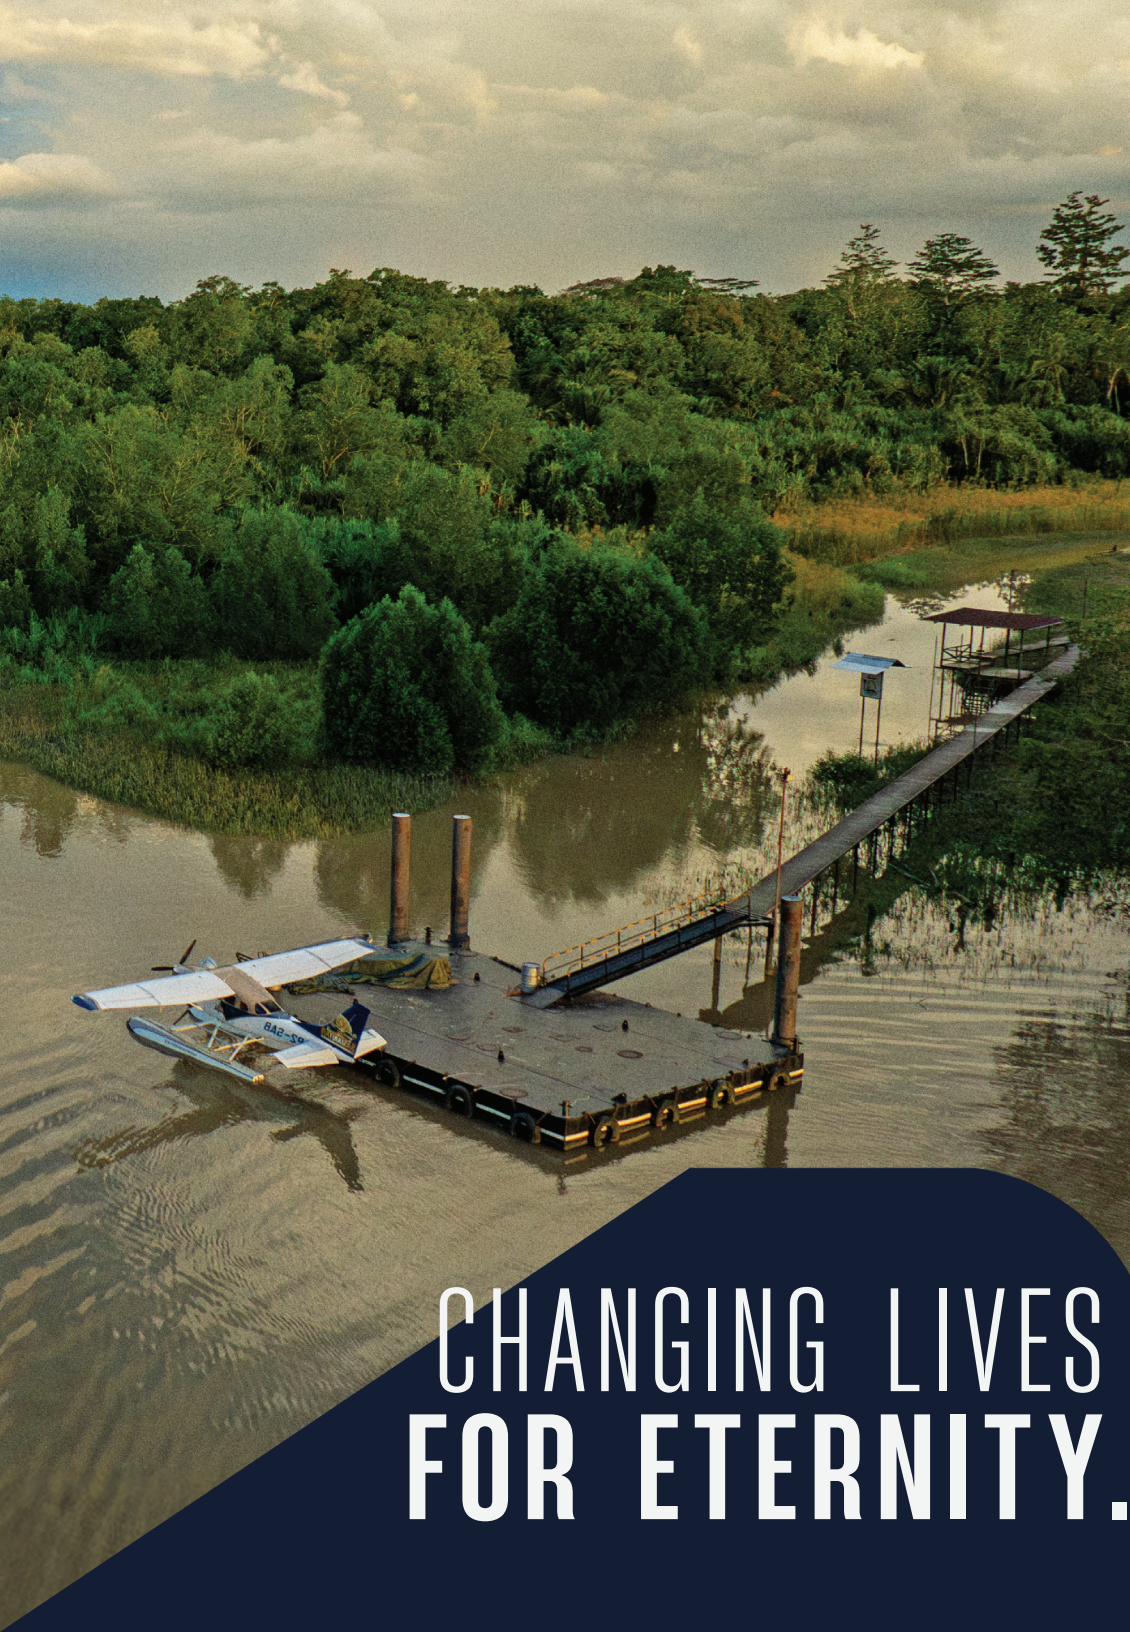

We're training and equipping a Papua New Guinean team with medical skills, essential tools, and gospel resources like audio Bibles and our Kingdom of Glory curriculum. To support their ministry and medical work, we also need a vehicle for transportation.

### AVIATION EXPANSION | \$240,000

Thanks to your support in Phase I, we acquired an additional seaplane. We're now shipping it to Papua New Guinea and upgrading its avionics to better serve the growing needs in the Gulf Province.

CHANGING LIVES  
FOR ETERNITY.

**DAN CRANSTON**  
BOARD CHAIRMAN

"As God expands our ministry into the Gulf Province, the completion of housing for Samaritan's missionary families and a dock with a seaplane lift and cover are essential for the safety of our families, patients, and seaplanes. This base of operations offers hope for physical and spiritual healing to people who live in one of the most remote areas of Papua New Guinea."
